Dear Mr. Thomson:

Please accept my apologies for not acknowledging your letter of June 2 before now.

The delay is because Harold, who normally answers most of the letters, has been hospitalized much of the time since late March and I've let correspondence pile up.

Now that he is home, I hope that things will eventually return to normal.

We appreciate your letter and its enclosure which will add to the file on the Honorable Specter.

Sincerely,

Lillian Weisberg
